

# MALDON HOCKEY CLUB

## Project Information

### Refurbishment Project

*Address:* Wallace Binder Field, Park Drive, Maldon, CM9 6XX

*Facility:* 97.2m x 61.2m Synthetic Turf Pitch

*Pitch System:* New NottsGrass® Mono 22 sand dressed synthetic grass

Remediated 15mm Insitu Rubber Shockpad

LAID ONTO EXISTING -

Engineered macadam base

Underlying piped drainage system

LAID ONTO EXISTING -

Engineered macadam base

Underlying piped drainage system

*Other Features:* Mix of in laid permanent and semi -permanent painted lines for hockey

*Built:* Resurfaced - May 2013

*Points of Interest:* Due to football usage, a careful design process was completed to ensure that the chosen synthetic grass maximised performance for hockey but minimised risk associated with the additional football use.

*Refurbishment Cost:* £178,000 + VAT

*Sports:* Hockey

Football

Tennis

Aerobic Activities & Games

*Testimonial:* "With Notts Sport being England Hockey's approved suppliers we had complete reassurance that we were working with a company offering the advice and support we needed at every stage."

Roy Pipe (Chairman) Maldon Hockey Club
